

westdale fencing club

Statement of Values

- 1) People are our most important resource, and we will look after them well.
- 2) We train 'people', not 'fencers', and recognise the importance of the wider context.
- 3) Competitive sport is not always equitable, but no member should feel like they do not get good value. All of our fencers are important.
- 4) We value longer term development more than short term success.
- 5) Excellence is important in everything that we do.
- 6) We recognise that running ongoing quality programs is expensive.
- 7) We value a sense of community, and our identity within the wider community.
- 8) We value knowledge and learning.
- 9) We recognise that practices and lessons are as much a learning opportunity for coaches as for students.
- 10) We value appropriate behaviour and good citizenship, from fencers, parents, coaches and staff.
